Description The Edge Eyewear TYC216: Civetta Safety Glasses - Black Frame, Smoke Lens, Polarized combine superior safety and eye protection with a more feminine look. With smooth wrap-around temples and tough polycarbonate lenses, the Edge Civetta Safety Glasses will keep you looking your best - even when you're on a job site or industrial setting. Smooth temples ensure that hair doesn't get caught or pulled, and the stylish frames can easily pass for ordinary everyday sunglasses. These safety glasses feature lenses coated with fog-resistant and scratch-resistant coatings, and tapered to eliminate refraction. The frames are built with a lightweight Grilamid / Nylon compound, with a straight-temple design that doesn't apply uncomfortable pressure. Don't compromise on looks or safety - go with Edge Civetta Safety Glasses!

Specifications: The Edge Civetta Glasses offer UVA, UVB and UVC protection and comply with ANSI Z87.1 2003 safety standards.
